

Eastern Area Agency on Aging has a new location and a new look!

After 20 years in Bangor, we have returned to Brewer and we are overjoyed to be part of this wonderful community. As of Monday, October 7th, our office is now located at 240 State Street in the Twin City Plaza. After several years of searching, we chose this location because it not only has the square footage needed to serve the growing population of older adults in our region but also because it is extremely accessible and has ample parking. Always present in our decision making process is ensuring that we are continuing to serve older adults, caregivers and adults with disabilities in our four county region to the best of our ability.

We will continue to offer our wellness and enrichment classes at the Airport Mall on Union Street in Bangor. For any other questions about the services we offer or connections to other community resources, please drop by or call our offices in Brewer.

We also updated our look with a new logo!

We look forward to sharing with you more exciting news in the coming weeks ahead. For the entire EAAA staff, board of directors and volunteers we want to thank everyone who has made this move possible and has supported us with positive encouragement throughout the process.

Thank you!
