On behalf of the EAAA Board, we are excited to share the news that Interim Executive Director, Tabatha Caso, has accepted the role as Executive Director.

The board's decision to offer this leadership role took into consideration a few factors. Notably, Tabatha received high praise in a 3-month review of her time as Interim Executive Director. Exemplifying the overall feedback, one person shared, "she makes everyone feel heard, she is steady, and reliable at the helm!"

All interim phases must come to an end, whether by searching for new leadership, extending the interim period, or making a temporary position permanent. As a board, we explored the options, and recognized that Tabatha's ongoing leadership from Chief Program Officer to Executive Director brings applicable knowledge, experience, and stability for EAAA staff.

We recognize that while we have navigated many challenges and transitions over the last few years, our goal is to ensure that EAAA staff, volunteers, partners, and the organization as a whole, receive the support to grow and flourish. We believe that transitioning Tabatha into the role of Executive Director is a major step in the right direction.

We are so glad to share this news with the community and deeply grateful for Tabatha's ongoing leadership!

In solidarity,
