

Update as of 3/17/2020:

Eastern Area Agency on Aging is cancelling all wellness classes, community cafes and in person meetings through Friday, March 27th.

Meals on Wheels deliveries will continue as we make it a priority to serve the most vulnerable members of our community. Our office staff in Brewer and Bangor will not invite in-person visitors or consumers until further notice. The team at EAAA will continue to take questions and concerns via telephone. We continue to monitor updates from the CDC and local public health officials to ensure that we minimize contact with those individuals age 60 and older, while still providing needed services. Governor Mills has asked that gatherings of 10 or more for individuals in high risk categories be cancelled. This will impact many of our services. Please contact our offices at 941-2865 if you have questions regarding any of our programs including the Commodity Supplemental Food Program distribution dates. Please continue to check our Facebook page for updates.
